I bring people in that I enjoy training with and Kerry was so helpful when I first got Gossip on problem solving some details with us as a team as well as with Onyx and his backside/blinds that were troublesome. She was able to help fix the problem and give me homework. I would highly recommend coming to a foundation group if you have a problem that is alluding you!

Please IM me with questions or to get a spot. I do \$100 deposit and the balance 1 month before the seminar so end of April.
